

Dear Family and Friends,

Thank you for making the Vernon Open 7 another great and successful event. Together we raised another \$12,000, for the Pancreatic Cancer Action Network in Danny's memory. That brings the total contribution from the Vernon Open to \$82,000. That's a tribute to your support and your generosity. We can't begin to tell you how grateful we are.

It's always a treat to see so many friends getting together, having a good time, making new friends and new memories. Of course the beautiful weather helped.

The hors d'oeuvres and buffet dinner were delicious, as always.

To all who contributed raffle and auction items, sponsored holes and just sent cash, we thank you.

As you know the funds raised will be contributed to the Pancreatic Cancer Action Network, in Danny's memory. The need is greater than ever. The incidence of Pancreatic Cancer continues to increase. The year Danny died 27,000 people were diagnosed. This year, it's estimated 42,000 will be diagnosed. The prognosis has not improved. The research is difficult and costly. So our efforts will continue with next year's Vernon Open. It's set for Sept. 11th, 2010. Please mark your calendars.

We wish you a beautiful and fun holiday season filled with joy and good health.

We love you all.

The Kleiman Family
